

# DreamBox Learning Math is here to support you and your child with a 90-day Free Trial

As our communities work to contain the coronavirus outbreak, many schools are considering contingency plans for closures and distance learning, **leaving parents to wonder, “what now?”**

Many of us at DreamBox are parents, too, so we understand this can be a difficult time trying to juggle everything. DreamBox is committed to ensuring that student learning continues despite these challenging circumstances, so your kids don't lose the academic gains they've made this year.

To do this, we are offering a **90 Day FREE Trial** of DreamBox Learning Math, so kids can stay engaged with learning while at home. This offer is good through April 30th, 2020.

## Here's what you need to know

- DreamBox is an adaptive, online K-8 math program designed to complement classroom instruction with at-home access so that students can login anytime, anywhere.
- DreamBox provides a **personalized learning experience** — in English and Spanish — so your child is getting the individualized math instruction they deserve in an **engaging game-like environment** they'll love.

## DreamBox is meaningful screen-time, with the data to prove it:

- Harvard University studies show that students using DreamBox for just an hour a week **improved math scores by nearly 60%**.
- DreamBox is the only comprehensive digital K-8 math program rated "Strong" by Evidence for Every Student Succeeds Act in the US Department of Education
- DreamBox was awarded **Best Math Learning Solution** 2019 by EdTech

**Sign up by April 30th** and keep your child academically engaged at home while having fun at the same time!
